INCIDENT OBJECTIVES (ICS 202)

1. Incident Name:	**2. Operational Period:** Date From: MAY 30, 2020 Date To: MAY 30, 2020
American Red Cross 2020 Comm EX - Duval Annex	Time From: 09:00 Time To: 13:00

3. Objective(s):

Exercise Goals

A. Practice using and passing American Red Cross forms 6409, and ARC-213 over RF using means and methods to be selected by participating county ARES Emergency Coordinators.

B. Proof of concept to show Red Cross leadership that ARES is capable of mobilizing a force of operators

C. Engage and encourage ARES volunteers to practice emergency communications while working with American Red Cross acting as the served agency.

Duval ARES Objectives

1. Transmit Red Cross messages to relief operations HQ via Divisional Clearinghouse relay

2. Provide communication circuit between shelter managers and Jacksonville EOC

3. Establish backup communication circuits for Jacksonville EOC Operations Section

4. Establish and maintain accountability of deployed Duval ARES personnel

5. Provide communication circuit between Florida Department of Health-Duval County medical teams and Jacksonville EOC

6. Train Duval ARES members to support the City of Jacksonville Sheltering Plan, City of Jacksonville Mass Care Plan, and City of Jacksonville Emergency Communications Plan

4. Operational Period Command Emphasis:

Our main goal is to create ARC forms, send them via the local net, or Winlink to the Division Clearinghouse where they will be sent to a regional station. Voice message transmission will be directed to the Section CLearinghouse

All Red Cross messages must use ARC format forms. Shelters can originate messages with paper forms, but Winlink gateway uses Winlink forms

All Red Cross messages sent to Division Clearinghouse relay station must be Winlink html forms

General Situational Awareness

In this exercise, we will be simulating a cyber-attack on the national power grid. The grid was attacked on May 28th, by May 29th sporadic power outages all over America. The ARC has asked for local ARES groups to set up a station in ARC shelters across your county. 3 days of constant cyber-attack on the national power grid has cascaded into the communications infrastructure. By May 30th, significant degregation of communication systems has occured.

5. Site Safety Plan Required? Yes ☐ No ☑

Approved Site Safety Plan(s) Located at:

6. Incident Action Plan (the items checked below are included in this Incident Action Plan)**:**
