

ARRL President Issues Call for Members to Reach Out to their Senators to Support S. 1534

07/25/2017

ARRL President Rick Roderick, K5UR, is calling on League members to urge their US Senators to support the [Amateur Radio Parity Act](#) of 2017, S. 1534. ARRL has opened a [RallyCongress page](#) to simplify the task.

“[W]e are at a crossroad in our efforts to obtain passage of The Amateur Radio Parity Act,” Roderick said. He said the campaign to secure passage of the bill scored a major victory earlier this year when H.R. 555 passed unanimously in the US House of Representatives. Obtaining passage of the companion Senate bill, S. 1534, is the final legislative hurdle.

“Now is the time for all hams to get involved in the process!” Roderick said. “Many of you already live in deed-restricted communities, and that number grows daily.”

He urged radio amateurs now restricted by a Homeowners Association from installing effective outdoor antennas to visit the RallyCongress site and e-mail their two US Senators. He also encouraged those not now affected by deed covenants, conditions, and restrictions (CC&Rs) to support their fellow radio amateurs by doing the same.

“If you want to help create an opportunity - not available before now - for Amateurs who live in deed restricted communities to install effective outdoor antennas on property that you own or lease, send these e-mails today!” Roderick said. “We need you to reach out to your Senators today. Right away.”

S. 1534 was introduced in the US Senate on July 12, marking another step forward for this landmark legislation. Senators Roger Wicker (R-MS) and Richard Blumenthal (D-CT) are the Senate sponsors. The measure will, for the first time, guarantee all radio amateurs living in deed-restricted communities governed by a Homeowners Association (HOA) or subject to any private land-use regulations, the right to erect and maintain effective outdoor antennas at their homes, while protecting the aesthetic concerns of HOAs.
