Hurricane Hermine After Action Reports

Good Morning!

I hope you had a great Labor Day Holiday!
Hermine is gone, but some work still needs to be done – after-action reports! Also, anecdotal information, observations, suggestions.....open forum! Please send Strait and I your information as soon as practical. What I am most looking for is group or individual information on challenges (and how overcome), extensive use of packet, Winlink 2000, DMR, or other digital modes. Something like that would be instructive for other ARES groups throughout the country from our real time recent event. Please get us this information as soon as practical, but no later than close of business on Friday, September 16, 2016 if at all possible. Photos are great too!
Thanks!!!

Be safe!

EVERYONE COUNTS!
